

The 9th edition of *Schwerpunkte* aims to explore how the expression of authorship, structured through the methodological approaches of different academic disciplines, shapes and informs the production of knowledge. It is an attempt to challenge and to reconceptualize the established notions of authorship. Through a series of short presentations and workshops, this two-day doctoral workshop aims at opening an interdisciplinary dialogue around the different notions of authorship in relation to epistemologies, situatedness and collaboration.

Schwerpunkte 9

On Authorship

7-8 June 2021

Session 1

Authorship and Epistemologies
Session chair: TBC

Session 2

Authorship and Situatedness
Session chair: TBC

Session 3

Authorship and Collaboration
Session chair: TBC

1 April 2021
